

Rejestracja tablicy SMART Board na stronie producenta

Rejestracja przedłuża standardową dwuletnią gwarancję o kolejne 3 lata i powinna być przeprowadzona nie później niż 3 miesiące od daty zakupu.

Po zakończeniu procesu rejestracji użytkownik otrzymuje również klucz aktywacyjny do oprogramowania SMART Notebook, którego podanie zmienia wersję 30-dniową aplikacji na bezterminową.

W celu przeprowadzenia skutecznej rejestracji potrzebujemy:

- komputer z dostępem do Internetu,
- numer fabryczny tablicy.

Numer fabryczny tablicy znajduje się na naklejce z boku w prawej dolnej części tablicy.

Product registration

Why register your SMART products?

Register your SMART products to take advantage of SMART's extended warranty and free product offerings. Registration also makes it easier for our technical support representatives to respond to your queries.

Register your SMART products to enjoy the following benefits:

Extended warranty

If you have a SMART Board 600 series interactive whiteboard (SB640, SB660, SB680, SB685 or SB690 front projection models), you can extend the product warranty to 5 years by registering it within 2 years of purchase.

Free software

For each hardware product registered, SMART will e-mail you a free, single license of [SMART Ideas concept-mapping software](#).

NOTE: Products eligible for the offer must include SMART Notebook collaborative learning software. GoWire SMART Notebook collaborative learning software auto-launch cables are exempt from this offer.

Product news

When you register your SMART software and hardware products, you can also sign up to receive important news, including product updates and upgrades.
